## CALDERA Dreamtime Granite Massage Set with 27 stones

### *Connect with the ancient spirit of Australia*

These massage stones are crafted using some of the oldest stone from the oldest continent in the world. The beautiful Dreamtime Granite is sourced from the Tanami Desert, in Australia's Northern Territory, and is the northern most desert in the country. The unique and beautiful granite is beige, cream and blue in colour and has excellent thermal properties, as well as subtle energies.

The beautiful **toe stones** in these special sets are made of Mookaite Jasper, a traditional Indigenous Healing stone. Mookaite Jasper is only found in Western Australia and exhibits a beautiful range of colour, from red, brown to peach yellow and white. The jasper is reported to be up to 600 million years old. That is pre dating the dinosaurs.

Both CALDERA Sets include a selection of the finest **Chakra crystals**, selected for their energetic signatures. The sets include Red Jasper, Carnelian, Yellow Jade, Green Aventurine, Sodalite, Rose Quartz and Clear Crystal Quartz.
